Mayor's Message

Spring is in the air and thank God. I am sure many residents are looking forward to warmer weather and the opportunity to get outdoors to enjoy activities we love to do. Whether it is taking a bike ride on Lynbrook's Exercise Trail or just getting the kids down to one of Lynbrook's great parks, our village is the place to be in Spring.

With the new season, there will be plenty new programs to sign up for including Lynbrook Little League and Lynbrook Lacrosse for boys and girls. Also, keep an eye out for newly renovated Hockey rink & Lynbrook's Annual Egg Hunt at Easter time.

On a serious note, we are so lucky to live in a wonderful village like Lynbrook in the greatest country in the world. This is important to remember as all of us witness the tragedy and needless suffering that is occurring in the Ukraine. Our hearts and our prayers go out to all Ukraine people.

Lastly, a significant portion of this newsletter is dedicated to the men and women in law enforcement both here in Lynbrook and throughout our country. For a while, it was trendy to be anti-police. This unfortunate movement, along with disastrous pro criminal legislation like New York Bail Reform, has lead to a National surge in crime. This has not happened in Lynbrook and that's due to the hard work and courage of our police department. Lynbrook will always "Back the Blue" and we should be proud of that.

Now go outside with your family and enjoy the nice weather and have fun in Lynbrook.

Regards,

Lynbrook Mayor Alan Beach

Laura Ryder Appointed to South Nassau Water Authority

Village Trustee Laura Ryder was appointed to the South Nassau Water Authority district board by Hempstead Town Supervisor Don Clavin & Councilman Anthony D'Esposito. The board is a newly created independent body with oversight responsibility over the Water District that will explore all options, including taking the water system public. Ryder was among three people appointed to the board, which will oversee a district that previously received its water ser-

vice through the private utility New York American Water. NYAW was recently sold to Liberty Utilities following years of frustration by customers who opposed the company's rate hikes. Ryder's background as a member of the American Water Company Outreach Committee from 2018 to 2020, where she served as an advocate for fellow residents and provided information to the community will be vital as she takes on her role on the South Nassau Water Authority district board.

Cornerstone Grand Opening

The Capri Lynbrook Motor Inn is a distant memory. Mayor Alan Beach prepared to cut the ribbon on the new complex, while reflecting back on the decades of battles that several administrations had with the former motel.

A four-story, 80-unit, \$24 million apartment building replaced the motel, which was razed in June 2020, after several battles between village officials and the motel's owners over alleged crime at the site. The development, approved by the village board in November 2019, was completed by the Farmingdale-based Terwilliger & Bartone Properties.

Anthony Bartone, a managing partner for Terwilliger & Bartone, said the apartments are about 30 percent leased, but he expected them to be fully occupied soon.

Lynbrook Mayor Alan Beach, third from left, and Terwilliger & Bartone Managing Partner Fran Terwilliger, center, cut the ribbon on the Cornerstone at Yorkshire apartment complex on Jan. 20. Also taking part were, from left, Hempstead Town Councilman Anthony D'Esposito, Deputy Mayor Michael Hawxhurst, Trustees Robert Boccio and Laura Ryder, developer Anthony Bartone and Trustee Ann Marie Reardon.
